

Putting Data Into Categories

(page 1 of 2)

Putting data into categories can help you learn something about the group you surveyed.

This was Keisha's first question:

Where do students play their favorite games?

	Tag	
	Hopscotch	
	Capture the Flag	Table Tennis
	Hide and Seek	Crazy Eights
	Four Square	Go Fish
Badminton	Jump Rope	Checkers
Baseball	Kickball	Mancala
Soccer	Red Light, Green Light	Chess
Softball	Red Rover	Chinese Checkers
Sports: Fields and Courts	Playground Games	Games You Can Play Inside

Keisha noticed:

Almost half of the class like games played on the playground.

Putting Data Into Categories (page 2 of 2)

This was Keisha's second question:

Do students play their favorite games alone, with a partner, or with a group?

		Tag
		Baseball
	Mancala	Softball
	Table Tennis	Soccer
	Badminton	Four Square
	Chinese Checkers	Hide and Seek
	Crazy Eights	Red Rover
	Go Fish	Red Light, Green Light
Hopscotch	Checkers	Capture the Flag
Jump Rope	Chess	Kickball
Games You Can Play Alone	Games You Play with a Partner	Games You Play with a Group

Keisha noticed:

Almost all the students like games that they play with other people.

What other categories can you make using these data?
